

***We Deliver Sydney's Best!***

# WHY BC SANDS?

## DELIVERY SOLUTIONS

- Modern, state-of-the-art fleet of new trucks and cranes
- Huge fleet - 30 trucks, including 25 crane trucks (and growing)
- Crane trucks with reaches ranging from three metres up to a massive 21 metres
- Narrow bodied, tight access tippers and crane trucks
- Expert, professional drivers and crane operators, who can get your delivery exactly where you want it, saving you time, labour and money

*We do whatever it takes to get your product to you  
**when** you need it, **where** you need it!*

## ADVANCED TECHNOLOGY

### Advanced notification systems

- On-time deliveries, thanks to state-of-the-art allocating and route planning software
- GPS-tracked fleet, continuously feeding location information to our route planning system, and then to you
- Automatic customer notifications, directly to your phone via SMS and/or email
- Paperless technology - automatic emailing of invoices and proof of delivery photos
- GPS order tracking - watch your delivery progress in real time

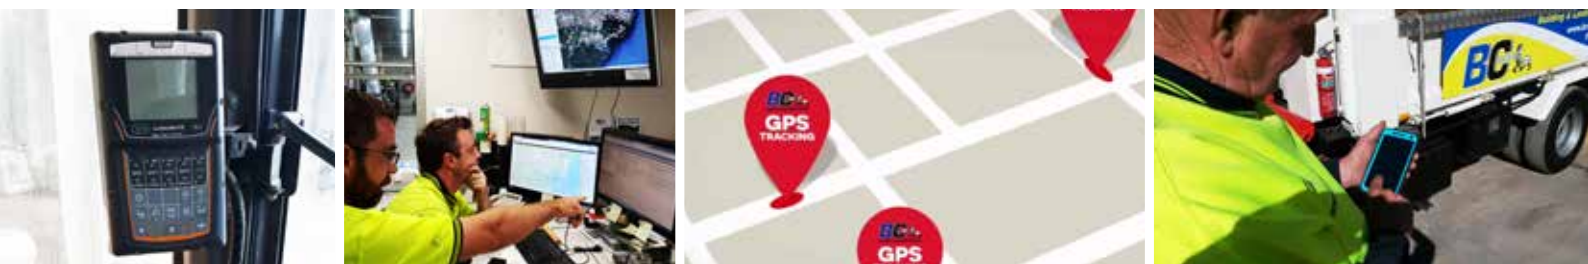

## COMMUNICATION

### Keeping you informed, every step of the way!

- We have expert, courteous staff ready to provide you with full technical assistance and after-sales service
- We streamline delivery by learning about your site and product needs so we send the right truck to deliver without hassle
- Once you've placed your order, whether online, by phone or in store, you receive a confirmation SMS and/or email
- You will receive a SMS at 4 p.m. the day before your delivery, confirming date and time of delivery or pick up
- On the day of your delivery or pick up, you will receive an SMS at 9 a.m.; confirming date and time of delivery or pick up
- You will receive an SMS when your truck is en route
- After your delivery, you can request an email with proof of delivery, including photos. This is great for people who can't be home or on site at the time of delivery
- Your invoice is emailed to you at 10 p.m. the day of delivery or pick up

## INTEGRITY

- Measured, by weight (on trade approved scales) or volume, so you get what you paid for
- We only stock and sell high-quality products - Sydney's best
- Fully itemised invoices

Brookvale tipper - 1970s

Brookvale - 2020

Taren Point - 2023

## OPERATING FOR OVER 40 YEARS!

BC Sands started as a small hardware store in Bexley in 1983 with five staff and two trucks. From those humble beginnings we grew to operate from an impressive purpose built, 17,000m<sup>2</sup>+ facility in Taren Point, incorporating a yard with over 50 product bays, each holding 50+ tonnes, a hardware store, warehouse, purpose built bagging equipment and parking for over 30 vehicles (including trucks and trailers).

In 2019 BC Sands expanded into the Northern Beaches, with the purchase of Brookvale Sand.

After operating for 30 years, Brookvale Sand already had a great reputation, and we hope to further improve on this reputation.

Our Brookvale branch is a 2,000m<sup>2</sup> purpose-built builders and landscapers' yard with storage bins for 21 bulk products and a 500m<sup>2</sup> warehouse for cement and other building materials.

After an extensive renovation, we now have; more storage capacity for bulk products, a larger showroom with a wider variety of products, on-site parking and a larger drive through.

These improvements were aimed at making your visit to BC Sands Brookvale a more streamlined and efficient experience, to get you in and out as fast as possible.

Brookvale Minicrete was part of the acquisition of Brookvale Sand and is the premium mini concrete supplier in the northern beaches.

## BC SANDS TODAY

- Over 100 full and part-time staff  
Our highly professional staff undertake regular training, on new and established products, to ensure you get the right product for the job.
- A range of over 5,000 quality products
- Over 30 trucks, ranging from narrow bodied tippers to heavy combination vehicles, and an industry leading range of crane trucks.
- Integrated, modern equipment and technology to better service your needs.

People often comment that they see our trucks everywhere. This is hardly surprising, as with over 30,000 customers in the Sydney Basin we supply a vast array of quality building and landscape products all over Sydney. It is not uncommon for us to exceed 200 deliveries a day!

# INDUSTRY-LEADING WEBSITE

- 24/7 ordering, order at a time and place that suits you
- Online booking and confirmation of delivery via our live fleet system
- Account customers; once you are logged in, the website will display your account pricing. You can also re-print invoices and pay your account using Bpay, PayPal or credit card
- Favourites feature; save your favourite orders or frequently purchased products
- Compatible with smartphones and tablets, as well as desktop computers
- Click and Collect pick up option
- Calculators for popular building site equations

# PROJECT CONSULTANTS

James

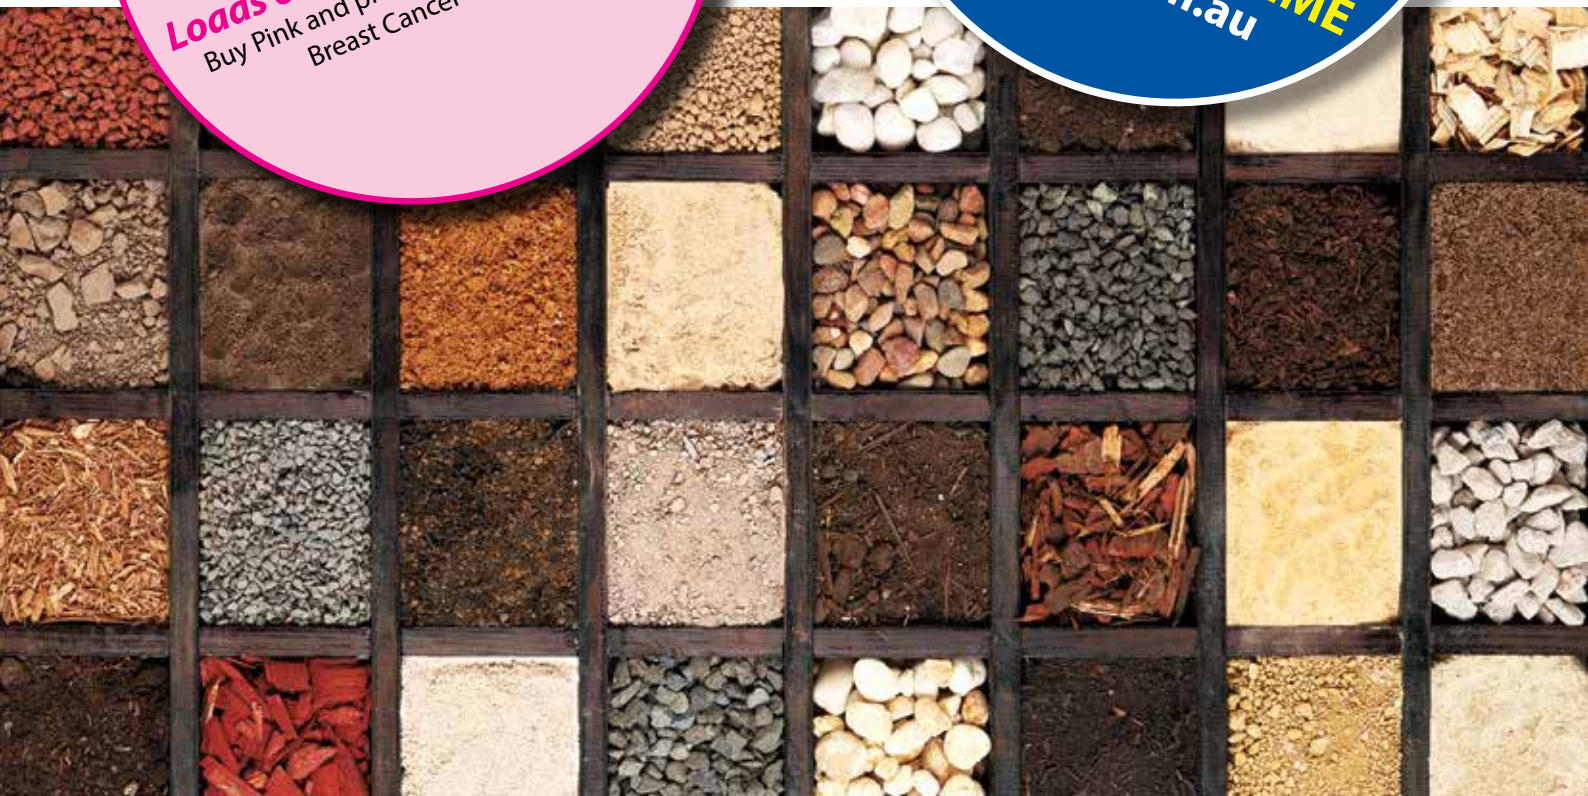

Scott

# DELIVERY SOLUTIONS

From simply borrowing a courtesy trailer through to utilising a narrow access tipper or long reach crane truck, we have the right delivery solution for your needs. We have over 30 trucks in our fleet, ready to deliver when you need it, where you need it.

## Crane trucks

- Crane reach across our fleet varies from 3 to 21 metres, at one tonne (a one tonne bulk bag of sand or soil for example)
- In most cases we can place your product exactly where you need it to be!
- Our crane trucks are ideal for reaching to higher floors of buildings, down into basements with our crane winches, balconies, awkward access and crowded sites
- Save time, money and labour by spreading product directly from the bulk bag
- Most of our vehicles are available for wet hire (i.e. with driver) as well as deliveries

## Small to large tipper trucks and bulk haulage

Our fleet of over 30 trucks ranges from three tonne narrow body tippers for tight access right up to 32-tonne truck and dog tippers. We can deliver anywhere in Greater Sydney and beyond...

**We do whatever it takes to get your product to you when you need it, where you need it!**

# SITE / YARD SERVICES

## Need to crane machinery, or non BC Sands products into a building site or yard?

Most of our vehicles are available for wet hire (i.e. with driver) as well as deliveries. We have a minimum hire time of only two hours, with the hire time starting from when the truck arrives at your location.

**Call (02) 8543 3400 for more information or to make a booking.**

1m<sup>3</sup> or 1000kg

## SKIP BAG!

Cheaper and more convenient than a skip or a trip to the tip.

You can purchase as specific Skip Bag OR re-use an empty bag from a previous delivery.

**Get rid of site or yard rubbish easily!**

*Easy as*

# WHAT OUR CUSTOMERS THINK

## Probuilt Projects

I have been using BC Sands and their fleet of crane trucks for over 15 years now. In that time I have seen their fleet, not only grow in size, but more importantly for me, capacity. I have many projects on the go at the same time and need a supplier who is reliable and can get the job done. BC Sands fleet of long reach (21m+) crane trucks and their expertly trained drivers do just that, get the job done. I am always particularly impressed with the crane operators ability to place our delivery exactly where I need it. Even through tight spots like windows and door openings, down into pits, across to the other side of the site etc.

**Vadim Jefremkov - Probuilt Projects**

## Pickup Developments

From my experience BC Sands has the best range of truck mounted cranes in Sydney. Couple that with their amazing operators who go above & beyond to get my materials where I need them & you have an affordable solution that is on par with any mobile crane hire that I have used. I can't recommend them highly enough.

**Dave Pickup - Pickup Developments**

## George Walker & Son

I have been using BC Sands crane trucks since they got their very first one. Since then I have seen the fleet grow to be easily the biggest and best of any comparable suppliers I have used in Sydney. Having my supplier lift my materials (up to 21m) without me having to hire a supplementary crane really makes life easy & efficient. A real bonus is you can hire the trucks to do extra lifts around the site which is really convenient and time saving. The rates are competitive and their operators are the best in the business.

**George Walker - George Walker & Son**

## Attena Group

I have been using BC Sands for my projects for the last 12 years. In that time I have been using their long reach crane trucks often for my job at Coogee. There are many reasons I have gone down this path. BC Sands run a fleet of well maintained late model crane trucks. Their drivers are well trained and go above and beyond expectations.

On the odd occasion I have found the 17m crane and their new 21m crane invaluable on my site. I have not been able to set up a tower crane on this site and BC Sands long reach cranes have more than compensated for this. Not only have I been able to easily lift product to the 5th and 6th floor but their skip bag rubbish removal means I have been able to clear the site floor by floor without wasting valuable man hours carrying the rubbish down, being able to do this also leads to a safer worksite.

I have utilized the fact that BC Sands only charge by the lift and not an overall crane price. This means that if we only need two or three bags or pallets of bricks, blocks etc we are only paying for those lifts. I have also hired their truck on occasion, as they have a minimum 2 hour hire instead of the usual 4 hour hire. This can save big dollars and means I can move any material around site when required.

BC Sands offer the full package; good drivers, large fleet and a full range of quality products.

I would highly recommend their services to any who asked.

**Aria Abbasi - Attena Group**

## New Living Landscapes

I have been coming into BC Sands for about 20 years now. With the recent merging of Mascot into their Taren Point yard, I was worried that they wouldn't be able to accommodate my super early start times. When I voiced my concerns to James, he spoke to the boss and, within a couple of weeks, they started opening at 5:30am, not just for me I'm sure, but it was still great. I have always found BC Sands to be a very customer service focused company, going out of their way to help my staff and I. Getting us in and out of the yard in a timely fashion.

**Liam Ryan - New Living Landscapes**
